

Unirac is a pioneer in the solar racking industry and prides itself in providing the best service possible to their customers. UNIRAC's Certified Installer Program gives quality solar installers the ability to differentiate themselves in the market by providing the tools and resources needed to install better solar racking while using install best practices.

## TAILORED TRAINING:

We know the importance of having a well-trained crew and when it comes to training, you can never have enough. That is why Certified Installers will receive sales and product trainings, along with access to Unirac Installer Sales Specialists team, where installers will learn installation best practices.

## SPECIALIZED MARKETING:

Use your certification status to separate yourself from the competition. Unirac will assist in your marketing efforts, through a variety of mediums, to help you grow in your market, win jobs, and boost homeowner confidence.

## SUPERIOR WARRANTY:

By utilizing homeowner registration, this ensures that all warranties are fully transferrable to the homeowner. Unirac has been in business for over 20 years and will be here to stand behind our warranties.

# CONFIDENCE COMES WITH CERTIFICATION
